

ZeroStat™

Citrus

Citrus Solvent Cleaner/Degreaser

Product No.

820

Contains natural citrus solvent extracted from the peel of oranges

Biodegradable

Terrific solvency, grease dispersion and deodorant qualities

PRODUCT DESCRIPTION

Made from one of the most effective cleaning agents ever formed by nature, ZerOstat Citrus quickly and effectively dissolves protein soils, grease, oily residue and soil from virtually any hard surface. With the pleasant fragrance of oranges and grapefruit, this ZerOstat Citrus will resolve most stubborn malodor problems and emulsify built up deposits in drains and grease-traps so they simply rinse away. ZerOstat Citrus will remove greasy road soil, tar and pine pitch from automotive and hard surfaces, degrease and clean concrete, metal, engines and dissolve many adhesives and remove labels. ZerOstat Citrus is biodegradable and noncorrosive to metals and most hard surfaces.

APPLICATION & MAINTENANCE

Although recommended dilutions of this product are safe to use on most plastic and painted surfaces, it is advisable to pretest surfaces prior to general application. Undiluted material should not be allowed to stand for extended periods on some painted surfaces as peeling may result. When diluted with water ZerOstat Citrus will turn white, but this will not effect it's cleaning action.

Drains and grease traps-To maintain drains and traps pour in 4-8 ounces, allow to stand for one hour and then flush with hot water. For garbage disposals add 4-8 ounces, allow the solution to stand for 5-10 minutes and then flush clear with hot water.

Greasy surface buildup-Mix 4 ounces per gallon of warm water and apply liberally to greasy counter tops, walls, floors, equipment, etc. with a mop, sponge or sprayer. Allow the solution to work for approximately 5 minutes, then rinse clean with warm water.

Malodor control-For elimination of problem odors mix 4-10 ounces per gallon of water and apply this material directly to the problem area with a sprayer.

Degreasing Concrete-For areas where oil, hydraulic fluid, brake fluid, or grease have penetrated into concrete, apply ZerOstat Citrus full strength, allow it to stand for several minutes and then agitate with a brush or scrubbing machine. For less severe soiling conditions ZerOstat Citrus may be diluted 1:1 with water and applied in the same manner.

SAFETY INFORMATION

Health	1
Flammability	2
Reactivity	0
Personal Protection	B

CAUTION: This product contains natural citrus solvents. Harmful if swallowed, do not take internally. Avoid skin and eye contact. Combustible liquid, keep away from heat, sparks or flame. In case of eye or skin contact, flush area with plenty of water. **Obtain immediate medical attention.** If swallowed, do not induce vomiting, **get immediate medical attention.** **Keep out of reach of children.** For industrial use only by trained personnel. For detailed information consult MSDS Sheet.

SPECIFICATIONS

Active Ingredients	80% D-Limonene, Surfactants
Free Ammonia	None
Free Alkali	None
Free Acid	None
Phosphates	None
Abrasives	None
Color	Light Yellow
Odor	Citrus Fragrance
Solubility in Water	<1.0%
Freeze/Thaw Stability	Infinite
Shelf Life	2 Years Min.
Flash Point	120°F.
Weight Per Gallon	7.1 lbs
Biodegradable	Yes
Soil Suspension	Excellent
