

SM ZeroStat Shippers

- ☀ Surface Mount Component Shipper
- ☀ Protects Many Sizes and Styles
- ☀ Eliminates Lead Damage
- ☀ Static Shielding Mailer with Dissipative Inserts
- ☀ 1,2,4 and 10 Paks Available

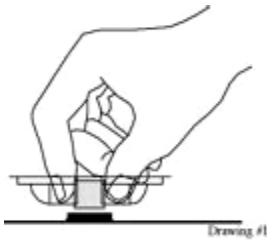

Protect against lead damage

SM ZeroStat Shippers eliminates lead damage when shipping or handling components with fragile leads. Leads are suspended while shipping. A squeeze feature allows the part to be removed from packaging without being touched by operator's hands.

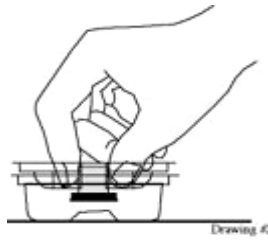

Protect against Static

Electronic components that are sensitive to static are protected by Ground Zero's static shielding ZeroStat shipper. The thermoformed insert, foam and adhesive are static dissipative to prevent any charge from being generated.

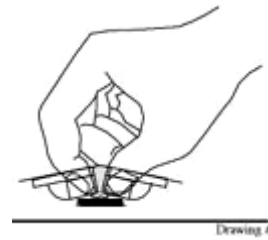

1) Dissipative adhesive allows part to be picked up without touching operator's hands.

2) Handle & ship component safely in dissipative insert.

3) Squeeze dissipative plastic insert to release component.

SM ComPak® — Stock and Standard Sizes			
GZ Stock Number	Description	No. of Devices	Size L x W x H
SM-CS-5025	Dissipative tray, cover, and mailer	1	2-3/4 x 2-3/4 x 15/16"
SM-CS-5045	Dissipative tray, cover, and mailer	2	5-3/4 x 2-3/4 x 15/16"
SM-CS-5055	Dissipative tray, cover, and mailer	4	5-3/4 x 5-3/4 x 15/16"
SM-CS-5060	Dissipative tray, cover, and mailer	10	14-3/4 x 5-3/4 x 15/16"

ZeroStat IC Shippers

- * Static Shielding
- * No Bags Required
- * Physical Protection
- * Custom Thermoformed
- * Inserts Available

ZeroStat Shippers are static shielding shippers for sensitive electronic components. ZeroStat Shippers eliminate the need for static shielding bags. Conductive crosslink foam on the bottom provides for insertion of leads to hold the component in place during transport. Antistatic cushioning foam is adhered to the top. Ground Zero can custom fit the interior with a static protective thermoformed insert to exactly fit your component or component kit. Add 'M' to the part numbers below to order mailer only shipped KD, with no foam.

SIZES AVAILABLE

Part Number	Size ID L x W x H
IC-5000	2-1/2 X 1-1/4 X 1"
IC-5010	3-1/2 X 1-1/4 X 1"
IC-5020	4-1/2 X 1-1/2 X 1"
IC-5025	2-3/4 X 2-3/4 X 15/16"

Part Number	Size ID L x W x H
IC-5030	3-7/16 X 2-1/8 X 15/16"
IC-5040	3-3/4 X 3-3/4 X 1"
IC-5041	4-3/4 X 3-3/4 X 1"
IC-5045	5-3/4 X 2-3/4 X 15/16"

Part Number	Size ID L x W x H
IC-5050	7 X 3-1/2 X 1"
IC-5055	5-3/4 X 5-3/4 X 15/16"
IC-5060	14-3/4 X 5-3/4 X 15/16"
