

**PLACE INSIDE OF RIGHT FOOT EVEN WITH THIS SIDE OF CHART.**

**FOR ACCURATE MEASURE,**

sit to take weight off of foot. Then...

1. Place inside of right foot to left edge of chart.
2. Place edge of right foot to bottom heel of chart.
3. Read chart from directly above foot
4. LENGTH is taken from end of big toe. If tip is in shaded area, order half size.
5. WIDTH is taken at widest part of foot.

**HEEL OF RIGHT FOOT TO EDGE OF CHART.**

*The Boot Sizer is provided to be a guide to fitting your shoes or boots. For best results, wear socks that are appropriate for intended footwear use.*
